TREES Evidence Request List

The following table shall be used to request an initial set of evidence from Participants during a TREES Validation, a TREES Verification, or a combined TREES Validation and Verification. A Validation and Verification Body (VVB) may use its own form if it includes the same information. Ongoing evidence requests may be made by updating this form or by using the TREES Finding form.

The date in the footer provides document control and should be removed when the form is used. VVBs should contact the ART Secretariat for a Word version.

Relevant Section of TREES, TRD or TMR	Evidence Requested	Evidence Provided
The relevant section of TREES or of the TREES Registration Document or TREES Monitoring Report should be identified to provide context for the Participant.	*A list or narrative explaining the information requested as concisely as possible. A meeting might be appropriate to provide additional information regarding the information requested.*	*The Participant provides the name of the file sent with the information, provides a link, or suggests the appropriate person(s) to interview on the subject.*
